

## 1 First Section

This is the main theorem:

**定理 1.1** (Main theorem). *We have*

$$1 + 2 = 3. \tag{1.2}$$

## 2 Second Section

This is a dummy theorem to check the equation counter:

**定理 2.1.** *We have*

$$0 \neq 1. \tag{2.2}$$

Restated here:

**定理 1.1** (Main theorem). *We have*

$$1 + 2 = 3. \tag{1.2}$$

This is another dummy equation:

$$1 \neq 2. \tag{2.3}$$
